

# STAS j-rail

## professional versatility

The design of STAS j-rail was based on the shape of the letter J. This shape allows the rail to be combined in all kinds of different ways using hooks, cords and even rods.

For example, by using a rod instead of a cord or steel cable, moving or alternating works of art on high ceilings becomes a piece of cake. You won't need a ladder, because the rod can be lifted out of the rail from below.

STAS j-rail has a somewhat industrial look and is applied regularly in art galleries and in business premises.

## Features

Dimensions	7 x 20 mm
Length	150, 200 or 300 cm
Colour	white or alu
Material	aluminium
Installation	wall mountable, not adjoining to ceiling
Weight capacity	25 kg/m <sup>1</sup>
Warranty	5 years

For matching hooks, cords and rods see page 31.

## Parts
